

**Name** Vicki Sparkes

**Company** Alan Wilson Insurance Brokers

**Submission** If we could have it written in black and white that:

'we will not abuse, coerce, bully, misdirect or otherwise attempt to intimidate another broker, authorised representative or wholesale broker acting under a binder agreement',

I think it would be a game changer towards making the industry a more level playing field. You have noted not to act unfairly or unjustly, but I believe the way we treat other brokers also needs to be distinguished.
